Old Business

Soil Tac – talking about doing a 'slurry' like the tracks down south do. It is basically a 'recipe' of 10 parts water to 10 parts baseball mix (80% sand 20% clay) plus soil tac. It will be done by hand over one section to see how it lasts over our winter. Deb motioned that we purchase the soil tac we will need to do this and it was seconded by Sherri. John will contact the guy in Nanton and make arrangements to get the soil tac back to Lethbridge.

5 Guys Burger & Fries Sponsorship – Not yet contacted them. Will table this to next year in hopes of it being a fundraiser for a Lethbridge Provincial.

Number Plates & Numbers – new plates and numbers have arrived and are available in the concession.

New Business
